CalOPTIMA is the Health System administering Medi-Cal benefits for Orange County residents. Nine health networks currently contract with CalOPTIMA to provide health care services to almost 275,000 Medi-Cal beneficiaries. Participation in California's Healthy Families program is also featured. Cal-Optima members 65 years of age or older, when eligible for nursing home care, may qualify for Senior Select and its special social and medical services through CalOPTIMA's Home and Community Care Program (HCCP).

ACCES TO HEALTH CARE – LEGAL ASSISTANCE

LEGAL AID SOCIETY	Toll-Free Info & Referrals	(800) 834-5001
Offices: 2101 N. Tustin Ave, Santa Ana	250 E. Center, Anaheim	(714) 571-5200

The Legal Aids' **HEALTH CONSUMER ACTION CENTER** offers a variety of services to Orange County residents. Their goal is to help people get and keep access to health care services, including: Information about healthcare options, advice about rights and complaints, representation in grievances and administrative law hearings, referrals to other legal (and other) support resources, etc. Specific assistance is offered for issues involving Medi-Cal, CalOPTIMA, Medicare, Healthy Families, MSI and County Mental Health.

INDIGENT HEALTH CARE – MSI

MSI-MEDICAL SERVICES FOR THE INDIGENT	(714) 834-6248
MSI Eligibility Information Line	(714) 480-6333
MSI Nurseline-24/7 Healthcare Counseling Hotline (Registered Nurses)	(877) 402-7111

Unlike the Medi-Cal and State-funded programs above, the MSI program is a medical safety net program for adults who lack funds to obtain certain essential health care services, and are ineligible for Medi-Cal or other government health care programs. It is administered and funded entirely by the County of Orange. MSI is not a Health Insurance Program. You may be eligible for MSI benefits if you:

- Are a legal resident of Orange County between the ages of 21 and 64.
- Have a current medical need, and cannot pay for the medical care you need.
- Complete an MSI application, and meet the current Federal Poverty, property and other guidelines.

The MSI Program covers services that protect life and prevent disabilities that would result in permanent impairment of function. All services must be received in Orange County. Acceptance to the MSI program does not guarantee that all services you may receive are covered benefits. Services that may be covered include: hospital and physician care; emergency ambulance transportation to an MSI contracting hospital; physical therapy; laboratory and x-ray service only when done at an MSI contracting hospital; approved medications obtained at a Caremark-affiliated pharmacy; and approved medical supplies and home health care services. Very limited dental services may be allowed in emergent situations. Upon approval, physician care may be obtained from any physician in Orange County who accepts MSI-eligible persons. These services may be provided in private physician offices, or through MSI-approved community clinics. If you have difficulty obtaining the services of a physician, you may call the **MSI General Information Line at 834-6248**.

For further information about MSI-approved services, and specific services – such as mental health and alcohol and drug abuse services – that are not available under MSI, call the **MSI General Information Line at 834-6248**. Call the Social Services **MSI Eligibility Information Line at 480-6333** if you have any questions relating to the application process, your specific circumstances, or to any of the eligibility guidelines.
